### A Few Points from the Principal

- Please see p. 14 for details on the Kalahari special rate for KES families for May 7th.
- Please see page 3 for an update on the music program from Mr. Soeder.
- I hope everyone is enjoying the start of our One School, Once Book program. Here is the link to all the different activities we have going on: <https://sites.google.com/kirtlandhornet.org/toysoneschoolonebook/home?scrllybrkr=ac8cfada>
- If you are interested, and have not registered yet, please sign up for our Family Game Night Unplugged on March 12th: [Game Night Sign-Up](#)
- Today (February 21st) is the last day to order yearbooks.
- Save the date of April 4th for the PTA Auction. See p. 4 for more details.
- Please remember to mark your child's monthly "Where do I go after school calendar". It helps us make sure your child is going where you need them to be.
- Kindergarten registration has started. Parents of incoming kindergarten students, please go to: <http://www.kirtlandschools.org/KindergartenOrientation.aspx> for all the necessary information.
- Preschool registration has started. Please call 440-256-3311 ext. 1007 to register.
- Please see p. 13 for grade 3, 4 and 5 state AIR testing schedule for this Spring.
- The goal is to have students go outside for recess if the weather permits. We will go outside if it is snowing, so please send your child with boots, hats, gloves and a warm coat. Many students bring snow pants as well. We will stay inside if it is too icy or if the wind chill factor is below 20 degrees Fahrenheit.

## Notes from Room 100

It has been a busy year in the music room where K-5 students have been heavily involved in performing, creating and experiencing all aspect of music. Using our on-line Quaver music curriculum, the students have studied the components of melody, harmony, pitch, rhythm, form, and style using song, dance and instruments. Currently, grades **K and 1** are preparing for their April 27<sup>th</sup> concert which is a salute to the American Folk song. We are combining literacy with our preparation as each song has a corresponding story book that we are reading as we learn the music. Everyone should be prepared to sing along!

**Second grade** is busy studying the musical language, the signs and symbols musicians use to read and perform. We took a journey back over 1000 years to learn about Guido de Arezzo who invented our system of note reading. We have been learning where the musical pitches fall on the staff and have used Boomwackers to perform melodies where the students must read the pitches to perform the song.

**Third graders** are very excited to be learning to play the recorder for the first time. This is a great opportunity for students to begin to synthesis the elements of music and learn what it is like to be a performer. To motivate home practice and hard work in the classroom, we are using Recorder Karate which allows students to test off songs learned in class and earn “belts”. Lots of squeaks in the beginning but we are making progress.

**Fourth grade** is revisiting the recorder and finishing the second year of Recorder Karate. We are also reviewing the time periods of music dating back to Medieval times (800 -1450) to Modern era (1910-present). Our focus though, will be on the Romantic Period (1820-1910), a time of great emotion in music, and one of its greatest composers, Beethoven, who is celebrating his 250<sup>th</sup> birthday this year.

**The fifth-grade band** just performed their first concert after months of preparation. All the hard work and practice is really paying off! Finally, our **general music class** has had the unique opportunity to perform as a Handbell Choir this year. The school was fortunate to acquire a set of bells this summer and we were very excited to put them to use. The students have become independent musicians, having to read the music to perform their part!

All in all, a great year of music making in Room 100!

Dear Kirtland Parents and Guardians,

We are looking forward to registering your child in the Kirtland Schools' Bright Beginnings Preschool for the upcoming school year! Many parents have already expressed their desire to have their child continue to attend the preschool housed at Kirtland Elementary School. We are very excited and pleased that your child has enjoyed the program this year and we look forward to your child continuing to grow in his/her academics in the year to come!

**Registration:** Kirtland resident registration opens on February 3, 2020 through April 24, 2020. Parents may register their child through the Kirtland Schools' website (<http://www.kirtlandschools.org/>) under the "Parent" tab in the "FinalForms" link. All paperwork must be completed to register your child.

**Bright Beginnings Class Placement:** To secure your child's placement in Bright Beginnings, parents must complete the registration packet in "FinalForms" and pay the \$100.00 deposit. Checks should be made payable to the Kirtland Local School District. Students will not be placed into a Bright Beginnings classroom until the FinalForms registration packet is completed and the deposit is paid. You may send the deposit to Diana Simpson at the Kirtland Board of Education.

*Students must be 3 years old by September 1, 2020 and must be potty trained by the first day of school to attend Bright Beginnings.*

**Number of Classrooms:** The number of Bright Beginnings' classes will depend upon student enrollment. Currently Bright Beginnings offers one class in the morning from 8:45-11:15. Our goal is to offer an afternoon class from 12:15-2:45; however the additional class will only be added if the number of students enrolled substantiates the additional classroom. A decision on the number of classes that will be offered will be made in April and parents will be notified by April 27, 2020 if their child has been placed in a Bright Beginnings Class.

**Open House:** Thursday, February 20, 2020 from 4:00-6:00 p.m. We welcome you and your child to meet the teacher while visiting the preschool classroom and learning about the curriculum, instruction and schedule.

**Additional Information:** If you have any questions, please contact:  
Diana Simpson at (440)256-3311, ext. 1007 or at [diana.simpson@kirtlandschools.org](mailto:diana.simpson@kirtlandschools.org).

# Bright Beginnings Preschool

2020-2021

The 2020-2021 school year is just around the corner and we are excited to begin enrolling children for the upcoming school year.

The Kirtland Schools' Bright Beginnings Preschool will open its doors on Monday, August 24, 2020. Parents will have the opportunity for an individual meet and greet with the classroom staff the week of August 17, 2020.

In addition, the Kirtland Schools' Bright Beginnings Preschool staff will offer summer outings and get-togethers for parents and children to get acquainted as they begin and continue their Preschool journey.

The Bright Beginnings' Preschool staff will contact families once the summer dates and locations are determined.

The Kirtland Schools' Bright Beginnings Preschool provides a stimulating learning environment that develops and enhances each child's educational growth and success in:

- \* Cognitive Skills
- \* Critical Thinking Skills
- \* Language Development
- \* Social and Emotional Skills
- \* Pre-Reading and Writing Skills
- \* Beginning Math Skills
- \* And much more!

Daily routines include instruction and practice that encourage an integration of multiple content areas.

Classroom structure and routines encourage each child's development of self-confidence through curriculum embedded skills that encourage decision making, curiosity and exploration, problem-solving, creativity and social skill development.

Skills and concepts taught will also provide a strong foundation for each child's current and future learning success!

# CAMP SCHEDULE

We heard how much it meant to you that all of our camps were taught by licensed educators, something you don't find at many other camps in this area, so once again we are proud to offer that for every camp. But deeper learning and the quality of our teachers are not the only things that make us unique. Camp Curiosity's before- and after-care features continuous learning throughout; we offer NASA space camp programming you can't find anywhere else; camps are taught in the one-of-a-kind environment of the Science Center; and each camp attends a movie in the Cleveland Clinic DOME Theater.

Bringing STEM to life for the families of Northeast Ohio has been our passion for nearly 25 years. Other organizations may offer STEM programming in the summer, but we live it yearround. So if your child has been to camp with us before, welcome back! And, if you're new to Camp Curiosity this year, we know your child is going to have a great experience learning new skills in a fun, hands-on setting, making new friends and creating lasting memories.

# Amazing one-day Spring Break Camps for grades K-8

## STEMventure Skills Lab

March 23 and April 13

Science villains have transported you and your friends to an island in the middle of Lake Erie. The challenge is to work together to develop the STEM skills needed to escape the island and save science. Through collaboration and creativity, you will engineer tools, explore light and sound waves to enhance your senses, and use technology to navigate your way to success.

## Chemical Explorers: Culinary Chemistry

March 24 and April 14

Mixing, measuring, and mess have never been this much fun. This camp is the catalyst to a journey through the periodic chart where you become the mad scientist and take over the lab to uncover the mysteries behind mayonnaise, the color of candy, and other curiosities of kitchen chemistry.

## Tech Creators

March 25 and April 15

We take art technology to the next level by challenging you to explore the science behind art. You're in the Director's seat as you create special effects, experiment with color theory, and manipulate light and sound as you work on your own art tech masterpiece.

## Mind Tricks

March 26 and April 16

You're transported through the human body to learn how this marvelous machine works and uncover the mysteries behind incredible illusions. Through real and virtual eye dissections, you will examine the anatomy of the eye and transform yourself into light waves to learn how the eyes and brain work together to distort reality. Diving deeper into the human body, you will experiment with balance and reaction time to enhance your super science skills.

## Space Camp: Orion's Mission

March 27 and April 17

You've been recruited by NASA to be the first humans to inhabit the Moon. As you're transported through the atmosphere onboard the Orion capsule, you are given specific orders to collect as much data as possible and relay your findings to Earth. Your mission on the Moon will last three years and it is up to you and your crew to code robots, engineer rovers, strategize for survival, and have fun while researching the lunar landscape.

### Meditation for Young Minds 6-week series, Wednesdays, 3:45-5 p.m., Feb. 11-March 5

Kids and teens can thrive with the creation of a meditation and mindfulness practice. In this special 6-week series, students will have a chance to explore the concept of mindfulness and learn various meditation styles that can help them better manage stress, become more resilient, lessen anxiety and sharpen their self-awareness. **Recommended for ages 8 to 14.** Pre-registration required: [circleofrenewal.com/workshops](http://circleofrenewal.com/workshops)

### Girls Empowerment Circles Second Tuesday of each month, 7 p.m.

Our girls (ages 8 to 16) can thrive when they learn how to create powerful bonds of sisterhood with one another. These circles allow girls to share honestly about their experiences, laugh with peers and explore the challenges of growing up in our modern era. Laughter, silliness and joy encouraged! Circles are a safe, judgment-free space where everyone is honored and celebrated for being exactly as they are.

Welcome back to the Art Room, Kirtland Elementary Families!

We are off to an exciting start to the year in our Art Room. We are creating three exciting collaborative art pieces that will be displayed around and in front of Kirtland Elementary School! I am looking forward to watching your children's creativity flourish in unimaginable ways this year!

We will once again be posting our art projects on **ARTSONIA**, which not only lets us share the artwork with friends and relatives far away, but also offers us a wonderful way to earn funds for our K-5 art program through customized keepsakes. I am happy to announce that with last year's funds raised, we were able to purchase needed art supplies and new aprons for our primary grade level artists!

I look forward to working with your children and am always impressed and amazed to see how they grow, change and create over the course of the school year. I hope you enjoy all the masterpieces that the 2019-2020 school year will bring!

Please be on the look out for an email from **ARTSONIA** asking your permission to post your student(s) artwork in this digital gallery format.

#### **A message to Kindergarten Families:**

*A special welcome to all our new families! In Kindergarten, we keep things simple, have lots of fun, and do our best to learn the basics about colors, shapes and how we can find art all around us. Since many of you will be learning about the Artsonia gallery for the first time this year, don't hesitate to contact me with any questions or, if you need information on your child's gallery.*
