COLLEGE VISITATION DAY

Kirtland High School encourages students to visit colleges during their Junior and Senior years. Many colleges have visitation days on Saturdays, during spring break or during the summer. However, it may be necessary to visit a college during a regularly scheduled school day. Kirtland High allows a maximum of two days to be used for college visits during their junior year and three during their senior year. Please present this signed document to the attendance secretary prior to your college visit.
