HIDDEN IN PLAIN SIGHT

An Awareness Program for Parents and Other Adults

TUESDAY, OCTOBER 16, 2018

HORNET HALL

6 p.m. - Doors open to walk through the exhibit

6:30 p.m. - Presentation

Child care will be provided.

The presentation is free and will cover topics including substance use, violence, eating disorders, juvenile crime, technology, risky games/challenges and more.

LOOKS CAN BE DECEIVING.

That's the message behind this unique traveling exhibit created by the Bath and Copley Township Police Departments. The exhibit features what appears to be at first glance the bedroom of the average teenager. But amidst the clutter of clothing school supplies and personal care products are more than 150 items that can be signals that a child is involved in risky, dangerous and even illegal activity.

The exhibit is for adults only.

Audience members are encouraged to "snoop and search" the display before the presentation by law enforcement and professionals who work with young people.

Over 150 items which may be indicative of dangerous risky behaviors are placed throughout the display made to resemble a teenager's bedroom.

Hidden in Plain Sight is recognized by the Ohio Attorney General, Ohio Crime Prevention Association, D.A.R.E. and Ohio PTA.

News from the Clinic

We will start our routine screenings for vision and hearing in Sept. and Oct. for students in K and grade 1 (and new students to the district). We will do screenings in grades 3 and 5 in November. If they fail the routine test we have to recheck them within a few weeks. Parents are then sent a referral if they fail again.

As always, please feel free to contact us if you have a concern. We can check them any-time.

October is National Depression Awareness Month

The month of October has been designated National Depression Awareness Month. Additionally, October 11th is National Depression Screening Day (held annually on the Thursday of the first full week in October). Project AWARE Ohio has developed an information brief entitled: *Depression in Adolescents*. Please refer to that information brief (which can be found at: <http://resources.oberlinkconsulting.com/>) for an introduction to depression in adolescents, an understanding of the risk and protective factors, and suggestions for how schools can help adolescents experiencing depression. Included both in the information brief and below is a listing of online resources for adults working with depressed youth.

Depression Awareness Resources

- **Erika's Lighthouse - A Beacon of Hope for Adolescent Depression:** Erika's Lighthouse offers a variety of programs for classrooms and works to educate school communities on teen depression, eliminate the stigma associated with mental illness and empower teens to take charge of their mental health. <http://www.erikaslighthouse.org/>
- **HelpGuide:** This is a guide to inform and educate families and friends about how to provide useful help to a loved one suffering from depression. The HelpGuide goes over six firm rules to follow to achieve success when helping a loved one but, at the same time, staying emotionally stable. <https://www.helpguide.org/articles/depression/helping-a-depressed-person.htm>
- **iFred (International Foundation for Research and Education on Depression):** iFred's mission is to shine a positive light on depression and eliminate the stigma associated with the disease through prevention, research and education. Its goal is to ensure 100 percent of the 350 million people affected by depression seek and receive treatment. <http://www.ifred.org/>
- **Anxiety and Depression Association of America (ADAA):** ADAA is an international nonprofit organization dedicated to the prevention, treatment and cure of anxiety, depressive, obsessive-compulsive and trauma-related disorders through education, practice and research. There are links to resources specific to children and adolescents. <http://www.adaa.org/living-with-anxiety/ask-and-learn/resources>
