

# Sports Pre-participation Physical

FOR AGES 14 – 18

---

**Saturday, June 10, 8 A.M. – 12:30 P.M.**

UH Drusinsky Sports Medicine Institute at UH Ahuja Medical Center

---

The experts at UH Drusinsky Sports Medicine Institute and UH Rainbow Babies & Children's are as committed to our scholastic athletes as we are to our professional athletes.

Our complimentary sports physicals provide athletes with a comprehensive exam that includes vision, musculoskeletal and cardiac risk assessment screenings. This exam enables the athlete to participate in scholastic sports as required by the Ohio High School Athletic Association. It does not replace the annual well check-up with a pediatrician.

If further information is needed for clearance, an appointment can be scheduled on-site. If your child has had a comprehensive exam within the past 12 months, your pediatrician can sign all sports forms.

## Steps for getting a free physical:

1. Sign up for a complimentary physical by Monday, June 5, 2023. Space is limited.

[REGISTER TODAY](#)

2. Complete and print the **Ohio High School Athletic Association (OHSAA) Preparticipation Physical Evaluation Consent form**. You can find this through your school's website. A parent or guardian will need to sign the physical evaluation form.
3. Bring the completed form, relevant medical records and your insurance card to your appointment.
