A Few Points from the Principal

- We have practiced different drills so staff and students are prepared to react if faced with an emergency situation. We have practiced our ALICE safety drills that called for staff to direct students to evacuate, barricade and react to a scenario. Our first fire drill was completed and the building was vacated in under 2:00 minutes. Bus safety assemblies took place and bus evacuation drills are scheduled for next week.
- Every Friday is Spirit Day at KES. Students are encouraged to wear Hornet apparel and/or school colors.
- The KES students and staff had a great time honoring our local heroes (Kirtland, Kirtland Hills and Waite Hill PD and Kirtland FD). Please see p. 2-5
- Please help us in reminding your child to use the crosswalk by Joseph Street when crossing Chillicothe. The police department has asked that we inform you and students that they will ticket children that they observe not using the crosswalk.
- KES will be hosting and bussing to different after-school activities. Please see the flyer on p. 6 and 7 for registration. Engineering, theater and visual arts classes are being offered.
- **11:00am Saturday, September 16, 2017** Kids in grades K-5, come to the Kirtland Library and try out different types of technology, including:
 - Draw in 3D with a 3Doodler!
 - Program an Ozobot to follow directions based on the colors you draw!
 - Create a circuit with Snap Circuits Jr!**-Please register by calling the library at 440-256-7323 -Pam Spangler Children's Librarian**

Changes Regarding Birthday Treats:

The following changes have been made to the KES party policies to help ensure the safety of our students.

Birthday Treats

The KES Health and Wellness Group, consisting of teachers, administration, the school nurse and parents, have had discussions on ways to promote health and still have fun at school. **Beginning with the 2017-18 school year, we will no longer be allowing food items at school to celebrate a child's birthday.** At KES, teachers will continue to recognize students' birthdays in their own unique ways and parents can send in non-edible items to share with classmates to recognize their child's birthday. We believe this change has many benefits:

1. **Limit Disruptions.** Birthday treats often arrived at various times of the day and many times this resulted in limited time and/or inopportune time for disbursement. If parents and caregivers choose to send in a non-food item such as stickers, pencils, a book, etc. for their child to share with classmates in recognition of his or her birthday, it can simply be sent in a backpack and the teacher can use a set time during the day to have the child share it.

2. **Safety and Feeling Included.** We are experiencing an increase in the number of students with food related allergies at KES. Often these children feel left out when they can't have a food item or "treat" that the rest of the class can enjoy.
