### [Initial State Testing Data Results \(CVA\)](#)

- Overall improvement in scores
- KES- 80% plus in every area!
- KMS 6/7 at 80%; last year 2/7 at 80%
- KHS Geometry 67% to 75%
- Over 90% passage in American History, Biology, Gr. 5 Science
- Areas of Focus
- Continue support gr. 7 math and Geometry
- Look at ELA II and Algebra I dip
- Writing
- State Testing Data (state data @80% passing)
- Writing Data. Writing data doesn't show up, it's tucked under ELA. Next year will focus on writing.

Kirtland is heading in the right direction w/ state tests. There has been an overall improvement.

CVA looks at PI Index (also includes our high achieving S's) and this data looks good.

### [No Red Ink and CommonLit Overview \(SA\)](#)

NRI and CommonLit provide reading comprehension and support help. It's a very valuable resource for teachers and students. Acts as a supplement for reading comprehension. Program is multi-tiered: works through all grades (adjusts according to each reader's reading level); ?'s all related & standards based; actionable so can be utilized in the classroom; relates to all content areas. We are onboarding **CommonLit 360** on July 1st, using grades 6-12. This is used in addition to the textbooks they are reading. **No Red Ink** is similar to CL but as a writing platform. Supplementing what is already taught when it comes to writing. No Red Ink highlights: Pathways called playlists (curtail to each S); can target specific areas; real time data; adaptive as writing; there are free writes teachers give prompts & S's write on the prompt; can connect the writing to something they are reading.
