

Northeast Ohio Business Advisory Council (BAC) Joint Statement February 25, 2020

Vision: To unite educational agencies, businesses, organizational groups, institutions of higher education, professional organizations and individuals who are committed to building a stronger Northeast Ohio.

Mission: The Northeast Ohio Business Advisory Council (BAC) is dedicated to providing opportunities where educators, students, business and community leaders can network, collaborate and partner together in creating programs and opportunities that support and develop a stronger Northeast Ohio workforce.

The Northeast Ohio BAC is a council of school administrators, business leaders and local community leaders that convenes quarterly to **Advise** local school districts on changes in the economy and job market and the area in which future jobs are most likely to be available; **Advocate** for the employment skills most critical to the business and industry and the development of curriculum to teach these skills; and **Aid and Support** local school districts by offering suggestions for developing a working relationship among businesses, labor organizations and educators.

The Goals of the Northeast Ohio BAC are to:

1. *Provide opportunities for area educators, business and community leaders to network, share ideas and discuss common issues and concerns;*
2. *Build relationships with corporate and business leaders, governmental officials and other key constituents; and*
3. *Foster dynamic and on-going communication about activities, projects, educational programs as well as other educational opportunities for teachers and students.*

Our five priority strategies, built upon and supporting the nation's Every Student Succeeds Act (ESSA) and Ohio's strategic vision for College and Career Readiness are to:

1. *Collaboratively create and develop a more collective approach to communicating and promoting the importance of college and career readiness;*
2. *Identify, develop and nurture collaborative networking and partnership opportunities;*
3. *Assist districts and businesses in identifying and leveraging regional resources;*
4. *Nurture and develop stronger working relationships between educators, business leaders and community members;*
5. *Forecast regional workforce needs, identify specific knowledge, skills and competencies and share promising practices for college and career readiness success.*
