Gifted Education Update

Traditionally the Gifted Coordinator position has had high turnover @ Kirtland. We have had four different GC's in the past five years, we were looking for consistency in this position. Linn Bowen received her Gifted Certification in 2018, she is a very talented counselor and teacher who we believe will provide the consistency this position requires. Linn Bowen presented: <https://docs.google.com/presentation/d/1ZvuOah4lpkBBO1H0nmjEwHORTD3eGKiSfOGG8UkydZg/edit?usp=sharing>

Biggest take away: Currently Covid-19 is the biggest challenge for T's & S's. As far as local report card results...seeking ways to improve. Plan to stay in contact with teachers, students and parents and listen to their needs. Presentation ended with a plan for the district if we go all virtual (due to rising Covid-19 numbers in Lake County & throughout Ohio/US).

Learning Modality Update

Presentation & Slides by CVA

KES Hybrid Learning Modalities:

11/12/20 KES Moves to **Hybrid:** [KES Hybrid Schedule](#)

- At the elementary setting the repetition and consistency of students seeing their teacher regularly is needed, therefore we feel it is best for our K-5 students to meet daily with their teachers in a half-day setting.
- Students will be divided into two groups (group A and group B)
- Every day KES students will have in-person instruction in English Language Arts, Math and Social-Emotional learning.
- Students will receive all their specials (Art, Physical Education, STEAM and Music) every sixth day.
- Science, Social Studies (K-3) and personalized practice in math and reading will be done daily at home through Google Classroom.
- Students requiring additional targeted intervention services or special education services may be scheduled for full day, in person instruction. Students would complete remote learning activities while at school and time would be provided for eating lunch. Recommendations for full day, in person instruction will be based on individual students needs as determined by assessment data.
- Before and after school care (Latchkey will take place)

Office hours will be used to meet with students who need time to finish projects, enrichment activities, etc. The time can be flexed if students/families need to meet with teachers at night due to work schedules.

Students can be pulled for services during the office hours.

Specials Teachers follow a rotation much as they did before hybrid. All Specials teachers are expected to meet with classes in a live session each class time.

Specials Schedule: The basics....more details to follow. The plan would be to set up a daily schedule (instead of the A-E rotation) so that each classroom would know what special they have on a specific day of the week. If we are entirely virtual, this seems to make better sense because it will be easier for parents and students to keep track of.
