**Heggerty:** Phonemic Awareness Program. Increases students' sound knowledge and awareness of how sounds work together to form words. Daily oral play with words. Includes trimester assessments to guide instruction and track student growth. Supports district initiative for the Science of Reading.

**MATH:** As a team we restructured our K Math Curriculum. Including direct instruction, math talks, daily routines of counting, structure and computation, along with hands-on activities to reinforce student learning. Our weekly schedule includes 3 days of direct instruction and 2 days of student application.

We are teaching S's to understand math and math concepts rather than rotely memorizing numbers and facts.

**Social Emotional Learning:**Smaller class sizes help w/ addressing their academic needs and social emotional needs and learning. Lays solid foundation for learning and achievement. Support S's basic needs which creates better engagement.
